

Provencher Pedestrian Bridge Anchor Installation

STRUCTURE: Provencher Pedestrian Bridge

LOCATION: Winnipeg, MB

PROJECT DATES: October & December 2002

PRODUCTS USED: Dywidag Post Tensioning Anchors

JOB DURATION: 3 days

CLIENT: City of Winnipeg

CONTRACTOR: Vector Construction Ltd.

PROJECT DESCRIPTION:

M.D. Steele Construction built the Provencher Pedestrian Bridge starting in the spring of 2002 and finishing in 2003. This bridge spans the Red River and includes a restaurant in the middle of the bridge overlooking the Red River. M.D. Steele hired Vector to install 2 – 37 meter Dywidag Anchors. These 2 anchors are designed to anchor down one end of the bridge. The project was completed in 2 phases taking only 3 days. The first 2 days were spent assembling, installing and grouting the anchors in place. A month later the anchors were post tensioned in one day.
